

Home _Table lamp

Cordless, rechargeable, battery table lamp. A touch control on the base allows you to switch the light on and adjust its intensity. And thanks to its high IP rating, the lamp can also be used outdoors. An electronic control system monitors and indicates the remaining battery power to ensure recharging is optimized and always performed correctly. The lamp comes with a contact charging base. USB charger included for LD0258 and not included for LD1258. The lamp can also become a wall light thanks to a special accessory that can be purchased separately.

10 cm

LED

dimmable

IP54

LD1258
